

RADIOLOGY REGISTRAR APPOINTMENTS - 2019

Name of Unit/Specialty:	Radiology
Head of Unit:	Associate Professor Dr Richard Zwar
Division:	Radiology
Key Contacts:	Dr Jennifer Shoobridge 03) 9496 5625 radiologyregistrars@austin.org.au

Summary of unit and Position/s:

Austin Health Radiology Department operates on both Austin and Repatriation Campuses. The Department is equipped with a full range of state-of-the-art imaging equipment including multi-slice CT, MRI and high-resolution ultrasound equipment. There is a large range of interventional procedures performed, particularly hepatobiliary and oncology intervention.

Details of any pre-requisites/preferences for applicants:

The Radiology Department has sixteen radiology registrar positions, approximately three of which will be available for first year Radiology Registrars commencing in 2019. Training positions involve time at Austin Health and rotations to other imaging departments that are networked to Austin Health. Rotations include a rural rotation (currently Bendigo Hospital).

Application Instructions / Selection Information:

More information about the Radiology Department is available from [Kiara Sotiriou](#), contactable via email.

Incoming registrars for 2019 will be appointed using a computerised matching system through the Postgraduate Medical Council of Victoria (PMCV). More information about the matching process, including important dates and the process for preference submission, is available on the PMCV website (<http://www.computermatching.pmcv.com.au/>).

Applications MUST be made through the PMCV. There is NO requirement to apply to Austin Health directly.

Important Dates to Remember:

- Important Dates will ALL be listed on the PMCV website
